

Tennessee Health Care Innovation Initiative

**The Fifth National Bundled Payment Summit
June 4, 2015**

More information available at: <http://www.tn.gov/HCFA/strategic.shtml>

Tennessee's Three Strategies

	Source of value	Strategy elements	Examples
 Primary Care Transformation	<ul style="list-style-type: none">▪ Maintaining a person's health overtime▪ Coordinating care by specialists▪ Avoiding episode events when appropriate	<ul style="list-style-type: none">▪ Patient Centered Medical Homes▪ Health homes for people with serious and persistent mental illness▪ Care coordination tool with Hospital and ED admission provider alerts	<ul style="list-style-type: none">▪ Encouraging primary prevention for healthy consumers and coordinated care for the chronically ill▪ Coordinating primary and behavioral health for people with SPMI
 Episodes of Care	<ul style="list-style-type: none">▪ Achieving a specific patient objective, including associated upstream and downstream cost and quality	<ul style="list-style-type: none">▪ Retrospective Episodes of Care	<ul style="list-style-type: none">▪ Wave 1: Perinatal, joint replacement, asthma exacerbation▪ Wave 2: COPD, colonoscopy, cholecystectomy, PCI▪ 75 episodes by 2019
 Long Term Services and Supports	<ul style="list-style-type: none">▪ Provide long-term services and supports (LTSS) that are high quality in the areas that matter most to recipients	<ul style="list-style-type: none">▪ Quality and acuity adjusted payments for LTSS services▪ Value-based purchasing for enhanced respiratory care▪ Workforce development	<ul style="list-style-type: none">▪ Aligning payment with value and quality for nursing facilities (NFs) and home and community based care (HCBS)▪ Training for providers

Tennessee's Progress

**Feb.
2013**

**Governor
Haslam
launched
Tennessee's
Health Care
Innovation
Initiative**

**TN awarded a
SIM Design
Grant**

**Dec
2014**

**TN awarded a
SIM Testing
Grant**

**95% of wave 1
accountable
providers
agree to
episodes**

**Jan
2015**

**Procurement
requires each
MCO to
implement the
episode of
care model &
commit
participation
across their
commercial
and Medicare
Advantage
populations.**

**Jan
2016**

**State
employees
health plan
requires
episodes for
their
population
and each
bidder's
broader
commercial
population**

**Dec
2019**

**75 episodes of
care will be
designed**

Tennessee insurance marketplace

	BCBS	United	Amerigroup /Wellpoint	Cigna	Aetna	Other Payers	Total
TennCare	518 (8%) ¹	565 (9%)	213 (3%)				1,296 (20%)
State Employee Plan	144 (2%)			133(2%)			277 (4%)
Commercial Self Insured (other)	805 (12%)	230 (4%)	190 (3%)	707(11%)	136 (2%)	259 (4%)	2,327 (36%)
Commercial Fully Insured	742 (11%)	142 (2%)	10 (0%)	21 (0%)	39 (0%)	118 (2%)	1,072 (16%)
Medicare Advantage	34 (1%)	70 (1%)	5 (0%)	90(1%)	1 (0%)	127 (2%)	327 (5%)
Total	2,243 (35%)	1,007(15%)	418 (6%)	951 (14%)	176 (3%)	504 (8%)	5,299 (81%)
Medicare FFS	817 (13%)						817 (13%)
Uninsured	384 (6%)						384 (6%)

 Medicare, Aetna, Other payers: 2012 Health Leaders / InterStudy; State Group Insurance Program 2011 Annual Report
 Payer Coalition members: Enrollment as of July 2014
 Uninsured: Kaiser Health Facts, 2012
 1 Includes Cover Tennessee programs, including CoverKids, Tennessee's SCHIP program

75 episodes in 5 years

Episode spend, \$M

Cumulative share of total spend, %

Tenn-Care

State Commercial Plans

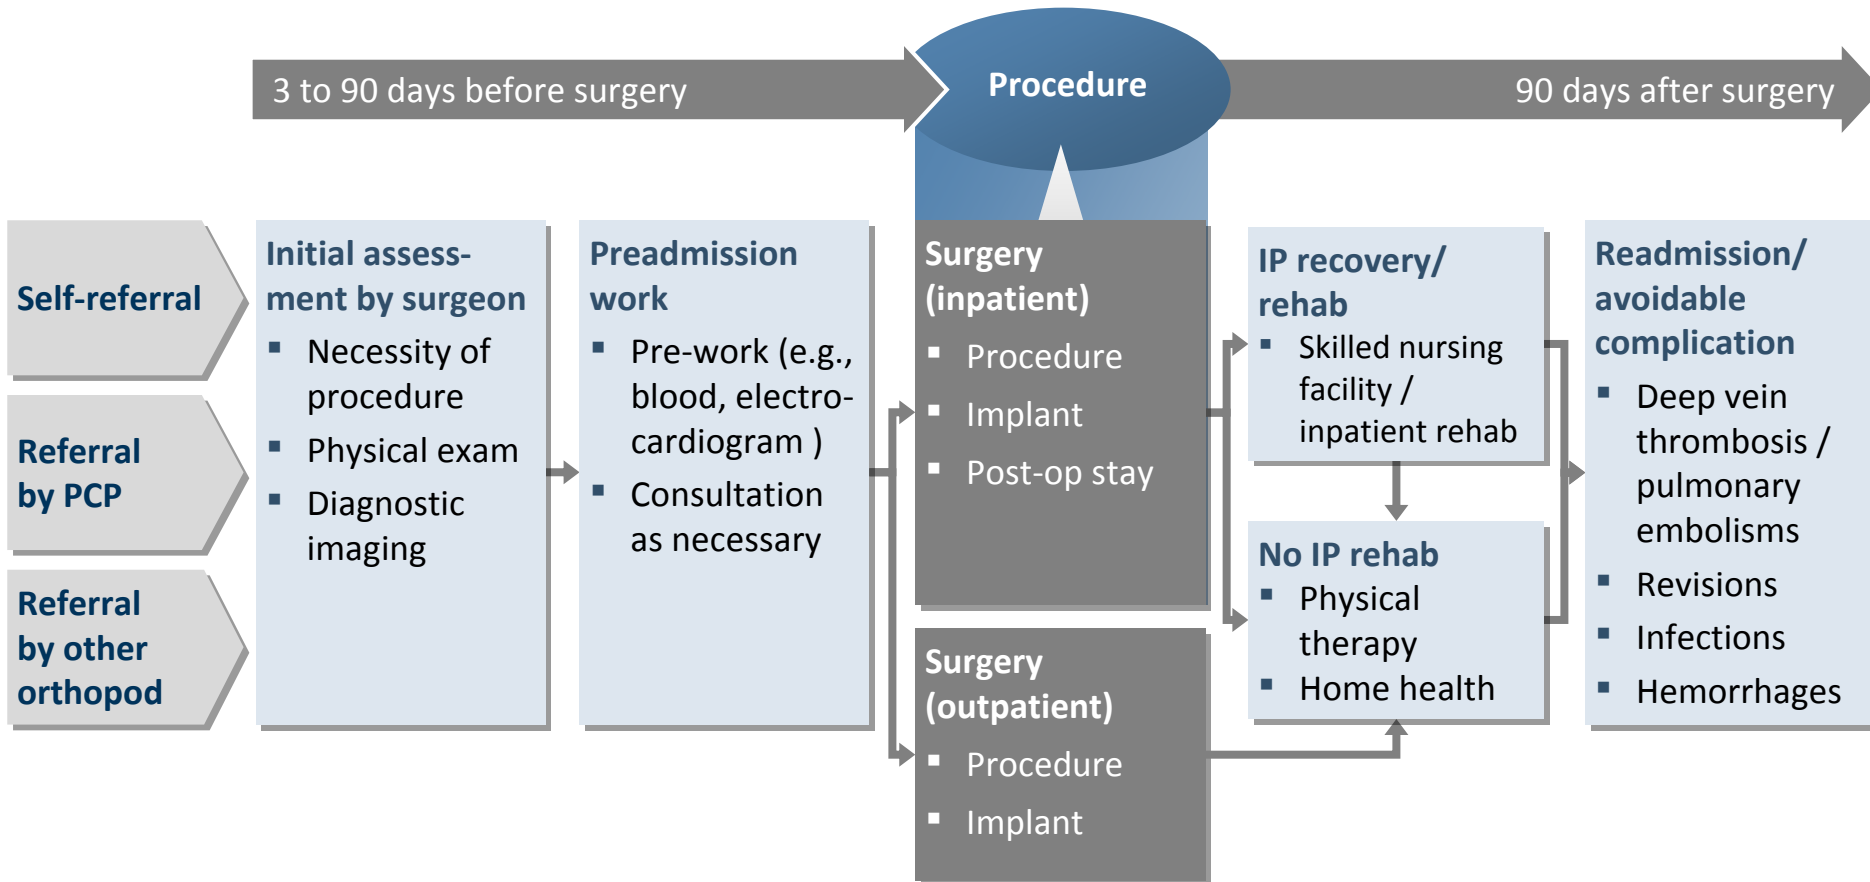

Note: (multiple) indication identifies episodes in which more than one episode may be designed
Source: TennCare and State Commercial Plans claims data, episode diagnostic model, team analysis

Episodes of Care: Definition

Example patient journey for hip & knee replacement

Episodes include services from multiple providers

Clinical input is driving our episode definitions

4 examples: Cholecystectomy, PCI, Colonoscopy, and Upper Respiratory Infection

Cholecystectomy episode split

Definition of "acute" PCI episode

Colonoscopy episode narrowed

Respiratory episode expanded

Process

Unchanged Billing Process

1

Patients seek care
and select providers
as they do today

2

**Providers submit
claims** as they do today

3

Payers reimburse for all
services as they do today

New Information

'Quarterbacks' are
provided detailed
information for each
episode which includes
actionable data

Page Name [Perinatal] Commercial Provider Name Provider Code Report Date: July 2013

Page Name [Perinatal] Commercial Provider Name Provider Code Report Date: July 2013

[1. Perinatal] C. Episode cost details

Episode cost breakdown by care category

Total episodes included: 233

☒ Your performance ☐ Provider base average

Care category	# of episodes with claims in care category	% of episodes with claims in care category	Average risk adj. cost per episode when care category utilized (\$)
Outpatient professional	195	84%	120
Pharmacy	11	5%	50
Emergency department	90	39%	235
Outpatient lab	220	96%	190
Outpatient radiology/procedures	115	50%	200

Incentives

Quality Metrics

- Some quality metrics will be linked to gain sharing, while others will be reported for information only
 - Quality metrics linked to gain sharing incentivize cost improvements without compromising on quality
 - Quality metrics for information only emphasize and highlight some known challenges to the State
- Each provider report will include provider performance on key quality metrics specific to that episode

Example of quality metrics from episodes in prior waves

ASTHMA EXACERBATION

- **Linked to gain-sharing:**
 - Follow-up visit rate (42%)
 - Percent of patients on an appropriate medication (82%)
- **Informational only:**
 - Repeat asthma exacerbation rate
 - Inpatient admission rate
 - Percent of episodes with chest x-ray
 - Rate of patient self-management education
 - Percent of episodes with smoking cessation counseling offered

PERINATAL

- **Linked to gain-sharing:**
 - HIV screening rate (85%)
 - Group B streptococcus screening rate (85%)
 - Overall C-section rate (41%)
- **Informational only:**
 - Gestational diabetes screening rate
 - Asymptomatic bacteriuria screening rate
 - Hepatitis B screening rate
 - Tdap vaccination rate

SCREENING AND SURVEILLANCE COLONOSCOPY

- **Linked to gain-sharing:**
 - Participating in a Qualified Clinical Data Registry (e.g., GIQuIC)
- **Informational only:**
 - Perforation of colon rate
 - Post-polypectomy/biopsy bleed rate
 - Prior colonoscopy rate
 - Repeat colonoscopy rate

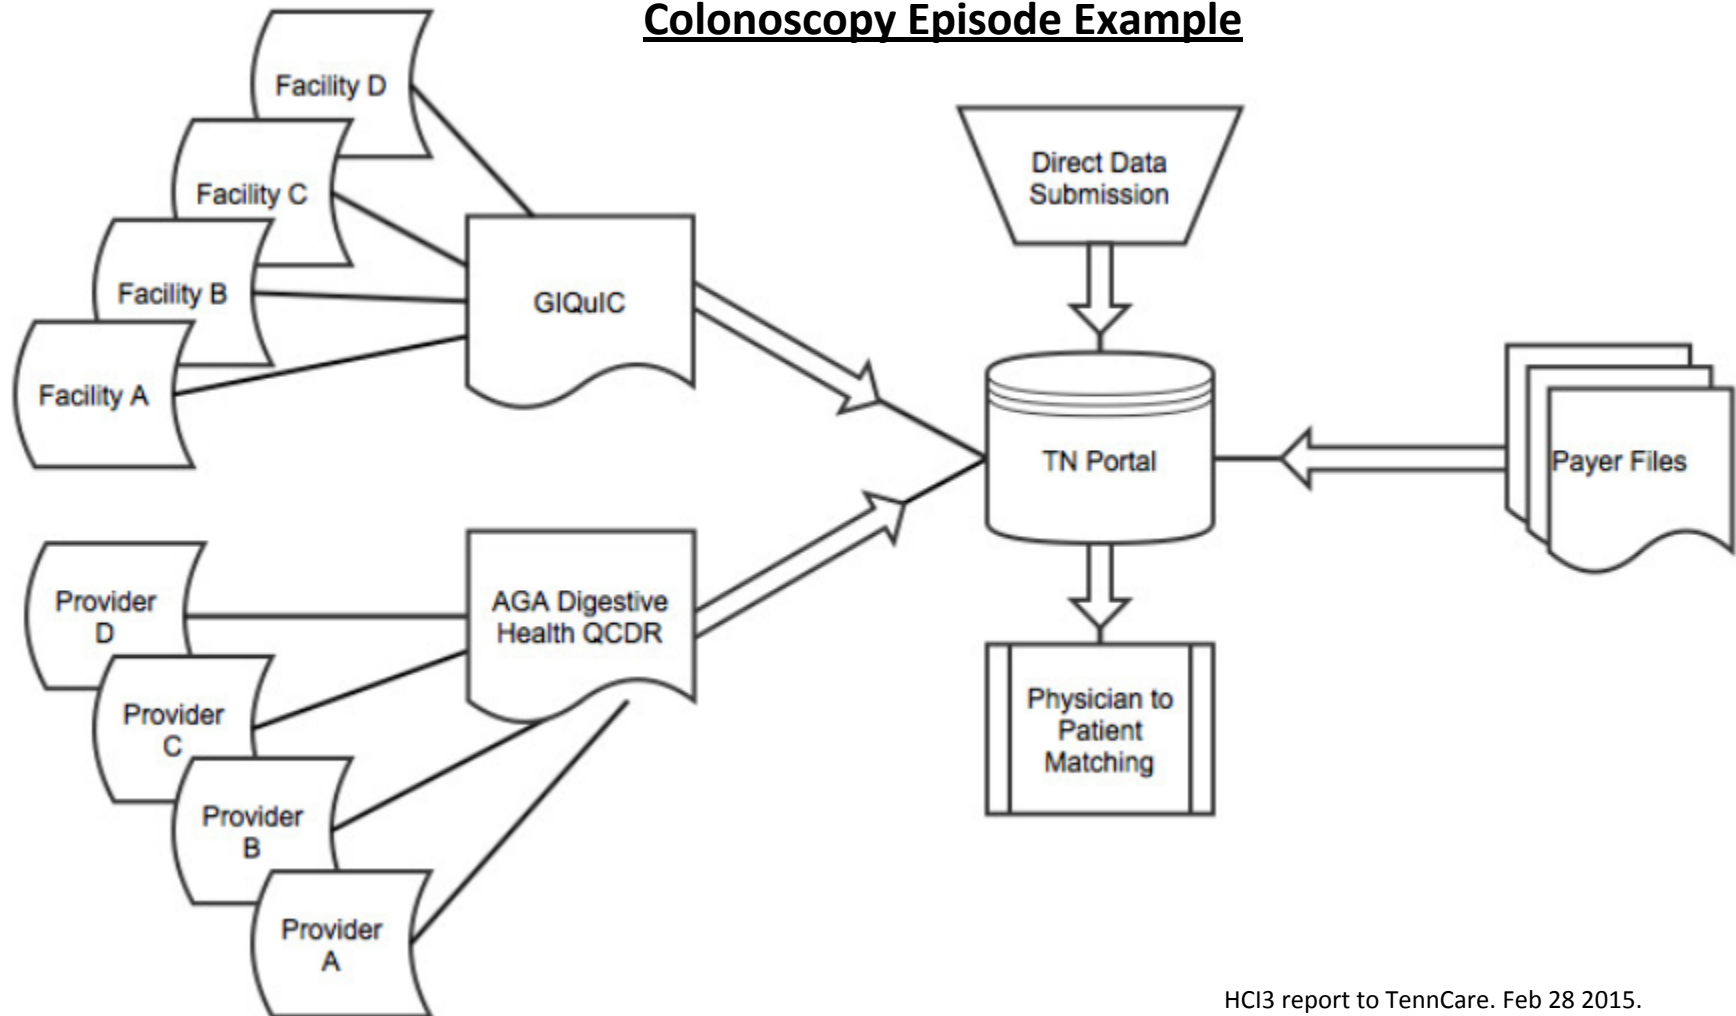

The quality metric 'Participating in a Qualified Clinical Data Registry' is a first attempt at using quality metrics based on other information sources than medical claims

Incorporating clinical quality metrics

Three ways to report clinical quality measures:
Direct data submission portal, Clinical Data Registries, EMR

Colonoscopy Episode Example

Reporting

Quarterbacks will receive quarterly report from payers:

— Performance summary

- Total number of episodes (included and excluded)
- Quality thresholds achieved
- Average non-risk adjusted and risk adjusted cost of care
- Cost comparison to other providers and gain and risk sharing thresholds
- Gain sharing and risk sharing eligibility and calculated amounts
- Key utilization statistics

— Quality detail: Scores for each quality metric with comparison to gain share standard or provider base average

— Cost detail:

- Breakdown of episode cost by care category
- Benchmarks against provider base average

— Episode detail:

- Cost detail by care category for each individual episode a provider treats
- Reason for any episode exclusions

Payer Name (TennCare/ Commercial) Provider Name Provider Code Report Date: July 2013

[1. Asthma] A. Episode Summary

[Period: Start/end dates of period]

1 Overview

Total episodes: **262**

Total episodes included: **233**

Total episodes excluded: **29**

2 Cost of care (avg. adj. episode cost) comparison

YOUR GAIN/ RISK SHARE

You are eligible for gain sharing

+\$10,391.80

Commendable cost (\$)	—	Your avg. cost (\$)	X	Number of episodes	X	Share factor
1,000		910.80		233		50%

3 Episode cost summary

✓ Your average episode cost is commendable

Parameters	You	Provider base average
1. Total cost across episodes	\$235,796.00	\$317,301.09
2. Total # of included episodes	233	235
3. Avg. episode cost (non adj.)	\$1,012.00	\$1,350.22
4. Risk adjustment factor* (avg.)	0.90	0.92
5. Avg. episode cost (risk adj.)	\$910.80 Commendable	\$1,242.20 Acceptable

* Risk adjustment factor calculated for select provider's patient base

Your episode cost distribution (risk adj.)

Distribution of provider average episode cost (risk adj.)

Preliminary draft of the provider report template for State of TN (for discussion only) | All content/ numbers included in this report are purely illustrative

4 Episode quality and utilization summary

✓ You achieved selected quality metrics

Quality metrics linked to gain sharing	You	Gain share standard	Met standard
1. Follow-up visit w/ physician	61%	55%	✓
2. Patient on appropriate medication	77%	70%	✓
Quality metrics not linked to gain sharing	You	Provider base average	
1. Repeat acute exacerbation within 30 days	5%	8%	

Challenges
