The National Medicare RAC Program

American Hospital
Association

RACs Are Active Nationwide

- RAC program implemented nationwide
- Automated and Complex Audits underway
- As of April 22, RACs have submitted 500 total audit requests to CMS; 399 have been approved
 - Including 276 hospital inpatient and outpatient issues
 - Region A (DCS): 7 hospital issues
 - Region B (CGI): 69 hospital issues
 - Region C (Connolly): 140 hospital issues
 - Region D (HDI): 60 hospital issues
 - Most hospital audits are DRG validations

American Hospital
Association

More RAC Activity to Come

- Coding validations—CMS recently approved five coding validation audits (not posted yet)
- CMS close to approving a Medical Necessity Review—not IPPS or OPPS
- Health Care Reform expands RACs to Medicaid and Medicare Parts C and D by December 31, 2010
- CMS indicates they are working to coordinate RAC expansion with the Medicaid Integrity Program

Association

Early Problems in the Permanent RAC Program

American Hospital
Association

RAC—Things to Watch Out For!

- Additional documentation requests (ADRs) going to the wrong address
- Multiple ADR letters in 45 day period
- RACs reviewing claims currently under review by another Medicare contractor
- CAHs receiving ADR requests related to DRG validations
- Concerns about RAC re-review of records
- The RAC in Region C is receiving 80% of medical records in 45-47 days
- Medical record tracking problem

Provider Contact Information

Providers, please use one of the forms to identify your point of contact for the RAC audit. Contact information will be used by Connolly Healthcare for all RAC program related correspondence, including but not limited to demand letters and medical record request letters.

Complete the form below for each of your serving providers and fax back to 203.529.2995:

> Download the provider contact form  [\[Download pdf\]](#)

For those serving many providers/NPIs you may choose to download the Excel spreadsheet version below. Fill in the fields within the spreadsheet and email back to: RACinfo@connollyhealthcare.com:

> Download the multi-provider contact spreadsheet  [\[Download Excel document\]](#)

Connolly Healthcare correspondence can be clearly identified via the official Connolly Healthcare CMS letterhead.

Member Advisory

REVISED April 29, 2009

MEDICARE RECOVERY AUDIT CONTRACTORS (RACs): PERMANENT PROGRAM BASICS

AT A GLANCE

The Issue:

Initially established as a demonstration project in three states in 2005, the Medicare Recovery Audit Contractor (RAC) program is charged with identifying improper Medicare fee-for-service payments – both overpayments and underpayments. RACs are paid on a contingency fee basis, receiving a percentage of the improper payments they identify and collect. At the end of 2007, two additional states were added to the demonstration before it ended on March 27, 2008. Congress expanded the program to all states and made it permanent in Section 302 of the Tax Relief and Health Care Act of 2006.

In October 2008, the Centers for Medicare & Medicaid Services (CMS) named four permanent RACs. However, one month later, CMS was required to impose an automatic stay on the rollout of the

RECOVERY AUDIT CONTRACTORS (RACs): PREPARING FOR RAC AUDITS

AT A GLANCE

The Issue:

The Medicare Recovery Audit Contractor (RAC) program is authorized by Congress to identify improper Medicare payments – both overpayments and underpayments. The RAC program began operation in three states (California, Florida and New York) under a demonstration program and has since been expanded to two additional states (Massachusetts and South Carolina). The Centers for Medicare & Medicaid Services (CMS) plans to roll out a permanent, nationwide RAC program by 2010. As part of its rollout strategy, CMS intends to award contracts to four regional RACs by this April and begin review activity in all states by January 2009. *The Medicare Recovery Audit*

AHA RACTrac Goals

1. Advocate for continued changes in the RAC program

- Identify new issues and address issues not resolved from the demonstration program
- Build the case—using real data—for program changes that reduce financial and administrative burdens

2. Educate the field

- Help hospitals focus on specific challenges
- Identifies problematic trends in RAC activity on a statewide, region-by-region and national basis

3. Make it simple for hospitals to report data to AHA for use in advocacy activities

We are all in this together

American Hospital
Association

Initial RACTrac Findings

Nearly 63% of surveyed hospitals reported employing additional staff or hiring external resources to manage the RAC process

Distribution of Administrative Burden
4th Quarter 2009

Sign up for RACTrac Today

- Contact RACTrac Support to get your Registration Info
 - 1-888-722-8712 –or–
 - Ractracsupport@providercs.com

Use this information to register for *RACTrac* today

- Hospitals will be asked to submit data in July 2010 and at the beginning of each subsequent quarter

American Hospital
Association

Expanded Program Integrity and Oversight in the Affordable Care Act

American Hospital
Association

New Oversight Provisions

- Expansion of RACs to Medicare Part C and D
- Expansion of RACs to Medicaid
- Maximum time period to submit Medicare claims is reduced from 3 years to not more than 1 year from DOS (effective for services on or after Jan. 1, 2010)
- Independent monitor demo of SNFs and NFs
- New requirements for tax exempt hospitals
 - Community needs assessment once every 3 years
 - Limits on charges to those that qualify for financial assistance
 - Debt collection restraints
 - Reporting and disclosure

American Hospital
Association

Program Integrity Provisions

- Provider screening upon application as new provider
- One PI – new required database matching of all program integrity efforts
- Civil Money Penalties – law expanded and penalty amounts increased
- Overpayments returned with 60 days
- Expanded False Claims Act and “whistleblower” provision
- New disclosure protocol for self referral law
- MORE MONEY
