

Roundtable on State HIPAA Compliance Strategies

Fifth National HIPAA Summit
October 31, 2002

Objective: A Blueprint for Local Collaborations

- Underscore the opportunity HIPAA presents for public-private-cross industry collaboration
- Highlight best practices in regional HIPAA collaborations
- Identify benefits to public-private HIPAA approaches
- Inspire and encourage:
 - New local collaborations
 - Active participation in existing collaborations

HIPAA

It's a journey

Not a destination

National policies

Implemented locally

HIPAA Implementation Is Interdependent

Who are your local travelers?

Providers	Government
Payers	Vendors
Consultants	Patients

It takes a community

State HIPAA Issues

- Entity designation
- Gap analysis
- Understanding state exemptions
- State budgets
 - program/human needs versus IT issues
 - Lack of good planning/budget estimates for state HIPAA compliance
- Preemption analysis

Regional HIPAA Collaboratives

Accelerate HIPAA implementation

- Cross industry education
- Exchange of shared knowledge
- Preparation for testing

Create the local HIPAA infrastructure

Best Practices in HIPAA Regional Solutions—Models to Emulate
