- 2000 Standard is the X12N 4010 Implementation Guides referred to in the August 2000 HIPAA Transactions Regulation and includes use of NDC codes instead of J Codes
- 2002 Standard refers to the December 2001 X12N 4010 Implementation Guides including the “Addenda” and deletion of the NDC codes which are expected to be published in 2002 as final regulations
- The extension timeline assumes that the new 2002 Transactions Final Rules are published by September 16, 2002
Quick and Dirty HIPAA Administrative Simplification Provider Benefit Calculation Estimator

  - Contingency for health plan or provider system upgrade/conversion problems
  - Clearinghouse set up and ongoing fees
Testing

- Testing must begin by April 16, 2003
- Recommend testing begin ASAP
- Vendors are not covered and will need direction from customers
- Do not wait until September 2003 to complete testing
WEDI Compliance Task Force

• Key Recommendations to HHS:
  • Keep it simple!
  • “One size fits all”
  • Electronic and paper
  • Model form as tool to assist in developing compliance plans
  • Receipt is equivalent to being granted extension
  • Form to raise issues for NCVHS/CMS, not to challenge submitters
  • CMS is to develop form, instructions, glossary of terms, comprehensive resources
