

# EASL Vision

*To be the home of Hepatology so that all who are involved with liver disease can realise their full potential to cure and prevent it.*

## **Grégoire Pavillon**

Executive Director & Governing Board Member

# History

- It was founded in April 1966 in Germany by Prof. Martini who invited 70 to 80 European hepatologists for a two-day symposium on hepatology and encountered a big success
- It was then decided that Meetings would be held annually with the venue rotating through different European countries
