

Michael Paustian, PhD - Blue Cross Blue Shield of Michigan, Dept of Clinical Epidemiology & Biostatistics

- PCMH population
 - 2,500 PCP practices, 6,000 PCPs, 1.5 million BCBSM members
 - 82 of 83 Michigan counties
- Evaluation design
 - Measure level of implementation “PCMH-ness” rather than comparing designated and non-designated
- Initial findings
 - Level of implementation associated with practice-level cost and quality outcomes
 - Reduced costs for adults but not children
 - Improved quality for both adults and children
