

BUNDLED PAYMENTS : LIVING WITH THE COMPREHENSIVE JOINT REPLACEMENT (CJR) INITIATIVE

Dr. Maria Johar
System Physician Advisor
Promedica Health System
Toledo
Ohio

CJR: Why?

Comprehensive Care for Joint Replacement Model

- The Comprehensive Care for Joint Replacement (CJR) model aims to support **better** and more **efficient** care for beneficiaries undergoing the most common inpatient surgeries for Medicare beneficiaries: **hip and knee replacements** (also called lower extremity joint replacements or LEJR).
- This model tests bundled payment and quality measurement for an episode of care associated with hip and knee replacements to encourage hospitals, physicians, and post-acute care providers to **work together to improve the quality and coordination of care from the initial hospitalization through recovery**

CJR : What ? (the fine print)

CJR : Cities

Comprehensive Care for Joint Replacement Model: Metropolitan Statistical Areas (MSAs)				
	MSA	MSA Title	Counties	
1	10420	Akron, OH	Portage Co	
2	10740	Albuquerque, NM	Bernalillo C	
3	11700	Asheville, NC	Buncombe	
4	12020	Athens-Clarke County, GA	Clarke Cou	
5	12420	Austin-Round Rock, TX	Bastrop Co	
6	13140	Beaumont-Port Arthur, TX	Hardin Cou	
7	13900	Bismarck, ND	Burleigh Co	
8	14500	Boulder, CO	Boulder Co	
9	15380	Buffalo-Cheektowaga-Niagara Falls, NY	Erie County	
10	16020	Cape Girardeau, MO-IL	Alexander C	
11	16180	Carson City, NV	Carson City	
12	16740	Charlotte-Concord-Gastonia, NC-SC	Cabarrus C	
13	17140	Cincinnati, OH-KY-IN	Dearborn C	

BUNDLED ????

- 90 day warranty period!!!

The 90 day timeframe

- Educate the pt
- Educate the Surgeon
- Educate the PCP
- Educate the ER
- Educate the coder
 - (not drg 468)
 - (469 vs 470)

90 day timeframe

- Educate the Continuum of Care
 - Preop: the pt and caregiver
 - Acute : the pt/ caregiver
 - Post surgery: Care Navigators
 - Home Care
 - PT/OT Staff
 - SNF Staff

The KOOS

- **What is the KOOS?**

Knee injury and Osteoarthritis Outcome Score

- The KOOS is a **knee-specific instrument**, developed to assess the patients' opinion about their knee and associated problems. The KOOS evaluates both short-term and long-term consequences of knee injury. It holds 42 items in 5 separately scored subscales; Pain, other Symptoms, Function in daily living (ADL), Function in Sport and Recreation (Sport/Rec), and knee-related Quality of Life (QOL).
- Permission is **not** required to use the KOOS
- **The KOOS is free of charge**
- Please go to <http://www.koos.nu>

KOOS Website

Link to instrument	The KOOS website
Title of Assessment	Knee Injury and Osteoarthritis Outcome Score
Acronym	KOOS
Instrument Reviewer(s)	Initially reviewed by Jason Raad, MS in 4/2012
Summary Date	4/2/2012
Purpose	A 42 item self-administered assessment of five outcomes: knee-related quality of life, activities of daily living, sport and recreation function, symptoms, and pain.
Description	<ul style="list-style-type: none">• Based on the Western Ontario and Mc-Master Universities Osteoarthritis Index (WOMAC)• Each item is scored from 0 (no problems) to 4 (extreme problems)• For each subscale, the score is then normalized to a 0-100 scale with higher scores equaling better status

The HOOS and HOOS Jr.

Hip dysfunction and Osteoarthritis Outcome Score for Joint Replacement (HOOS, JR.), English version 1.0

HOOS, JR. HIP SURVEY

INSTRUCTIONS: This survey asks for your view about your hip. This information will help us keep track of how you feel about your hip and how well you are able to do your usual activities. Answer every question by ticking the appropriate box, only one box for each question. If you are unsure about how to answer a question, please give the best answer you can.

Pain

What amount of hip pain have you experienced the **last week** during the following activities?

- | | | | | | |
|---------------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 1. Going up or down stairs | None | Mild | Moderate | Severe | Extreme |
| | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Walking on an uneven surface | None | Mild | Moderate | Severe | Extreme |
| | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

Function, daily living

The following questions concern your physical function. By this we mean your ability to move around and to look after yourself. For each of the following activities please indicate the degree of difficulty you have experienced in the **last week** due to your hip.

- | | | | | | |
|--|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 3. Rising from sitting | None | Mild | Moderate | Severe | Extreme |
| | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Bending to floor/pick up an object | None | Mild | Moderate | Severe | Extreme |
| | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. Lying in bed (turning over, maintaining hip position) | None | Mild | Moderate | Severe | Extreme |
| | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 6. Sitting | None | Mild | Moderate | Severe | Extreme |
| | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

Tips

- Biweekly meetings
 - Finance
 - Quality
 - Pre op university
 - Care Navigators
 - Coders
 - Surgery Directors
 - Orthopedics
 - SNF
 - Home Care
 - IT
 - Managed care
 - Pharmacy
 - PT/OT
 - Population Health

Tricks of the Trade

- Metrics
- Accountability
- Readmissions ??
- Sharing the baseline with all
- JC surveys recommendations
- Planning for the next year
