PATIENTS

Companion Global Healthcare is your gateway to affordable medical care! We give you access to medical services outside the United States, so you can receive medical care at a fraction of the cost you would at home.

With skyrocketing medical costs, many are discovering the advantages of traveling for certain healthcare procedures -- but some may find the thought intimidating. We take the worry out of traveling, so you can concentrate on your health. We'll help you with your travel plans, and make sure you visit **network providers**. You'll experience round-trip quality service, from experts who understand the patient's point of view.

For more information or to make travel arrangements, please **contact us**.
