HCT is a non-profit health insurance company with health plans for Connecticut individuals, families and businesses. Physicians founded HCT and they hold seats on our Board of Directors, alongside HCT members who are elected by their peers. A truly member-governed insurance company, our mission is to drive innovation in support of the physician-patient relationship to help improve the quality, coordination, and appropriateness of healthcare delivered in our state. We have further invested in primary care by supporting practices seeking designation as Patient Centered Medical Homes and building, with PCPs, our Advanced Practice Medical Payment Model (or A-PMPM) program.
